

District Christmas Offering

This year, we have the opportunity to support two vital ministries through the District Christmas Offering: Project AGAPE and Professors in Methodism. All funds received will be divided evenly between the two ministries.

Project AGAPE

With winter approaching, Project AGAPE needs funds to purchase warm comforters and other supplies for refugees. Your gift demonstrates that God remembers them and that God's people care. In a time of war, may we join the Prince of Peace extending our love across the world.

Professors in Methodism

How do you say "thank you" to a teacher or preacher for the impact they've had on you? Your Christmas gift will create opportunities for Wesleyan scholars to instruct and form clergy and lay leaders in our Central Conferences.

You can give online, send a check directly to the Conference Office, or give through your local church. For more information, visit districts.nccumc.org/christmas2023
